

Like the famous migrating storks from Alsace, all Alsace wines (*AOC Alsace, Alsace Grand Cru and Crémant d'Alsace*) love to explore exotic places. These great white wines cross all gastronomic barriers and match every kind of cuisine, from Asian to Mediterranean, Indian or Mexican, thanks to each wine's distinct personality. Partnering Sylvaner with Sushi, Riesling with Chinese fondue, or Gewurztraminer with Tacos, these are just the first few steps in a world-wide gastronomic wine and food odyssey.
